

**CAMPAIGN ACTIVITIES**  
**Policy for Counting Campaign Hours**  
**2016-2017**

**1.** Below are some clarification points of these policies for club members and associate members to follow when completing their “Individual Record Form for Campaign Hours.” Though the individual forms vary from club to club, the policies presented by TFRW will be the same no matter what form of reporting your club chooses to use.

**2.** Fundraisers and Special Events for Republican Women Clubs, Local, State and National Republican Party Clubs.

(A) Work done to plan, prepare, and conduct a fundraiser to earn money for political activities of the club or for candidate(s), counts as Volunteer Campaign Hours (VCHrs.)

(B) Special Events, such as campaign rallies, counts as VCHrs if it directly supports the advancement of Republican philosophy and policies. The intent of the “Special Event is to elect Republican candidates and further the Republican platform.

**3.** Leadership events count as Volunteer Campaign Hours.

(A) You may count time spent planning, organizing leadership events whose purpose is to further the Republican philosophy and political views with the intent of getting Republicans elected. National, State, or Locally sponsored seminars/workshops may count as VCHrs. This includes, Campaign Management Schools (offered by the Counties, etc.), Get Out the Vote Seminars, Poll Watcher Training, Election Judge and Election Clerk Training, and Leadership Training. These training hours do not count if one is paid. However, the hours DO COUNT if one donates the money earned to a county party, your local Federated Republican Women’s Club, a candidate, or the TFRW PAC.

(B) You may count time spent preparing for and attending TFRW meetings, to include Legislative Day and the TFRW Convention. You may count travel to and from the meetings.

(C) You may count time spent as a participant in the training mentioned above to include travel to and from the training.

(D) Presenting political programs or speeches at Republican Women Club meetings and other Republican Clubs. You may also count such programs and speeches given at local civic clubs. You may include travel to and from the meeting.

**4.** Officers of Republican Women Clubs may count time spent on completing the duties required of that office. This may include administrative work, mailings, and other clerical work. You may count time spent on such duties as an individual or in committee meetings held at a time OTHER than the club’s regular business meeting. DUE TO THE NATURE

OF CLUB BOARD MEETINGS, those who attend the Board Meetings may count the travel to and from the meeting AND the time spent at the Board Meetings.

5. Chairpersons of Republican Women clubs or other Republican clubs may count time spent to complete the work required of the position as Volunteer Campaign Hours. You may count time spent on such duties as an individual at home or in a committee meeting. Again, after Club's Regular meeting, Officers and Committee Chairmen can count work done to complete the duties of their position.

6. Are there times you DO NOT COUNT HOURS? Yes, we DO NOT count the hours spent at club's monthly meetings. We count the travel time – how long it takes you to get to the meeting and to get home. If a club member goes to work at Republican Party headquarters after the meeting, the member would count those hours worked at headquarters. If a club member works on a Republican Women's club project or duty after a regular meeting, those hours may be counted. Money donated to the club or to a candidate CANNOT SUBSTITUTE FOR VOLUNTEER HOURS WORKED! Associate Members would follow the same guidance. Church events do not count unless they are political in nature (example: voter registration). Campaign hours from Associate Members may only be used by one club.

7. Where to Record Your Volunteer Campaign Hours.

(A) Use the categories indicated on YOUR club's "Individual Record Form" for reporting volunteer campaign hours. The "Other Category" may be used to record hours if you cannot determine the appropriate category listed on your club's "Individual Record Form." The local club Campaign Activities Chairman may advise the members and associates as to which category is best suited for the type of work the individual completes. **IF THE "OTHER CATEGORY" IS USED TO RECORD HOURS**, the individual must specify the activity or event in the space provided next to the word, "Other."

(B) The local club Campaign Activities Chair and/or club President may, if needed, verify the time spent on an activity or event as "Volunteer Campaign Hours." Verification of certain volunteer campaign hours should occur if an activity or event is in question. The local club Campaign Activities Chairman (or whoever the President assigns this duty) is responsible for reporting **ONLY THE TOTAL NUMBER OF HOURS the club's members and associates have earned for each Quarter.**

8. Caring for America hours **ARE NOT PART OF THE REGULAR QUARTERLY REPORT OF CAMPAIGN HOURS.** The **TFRW Caring for America Chairman** will issue a policy to the clubs as to what "work" counts as Caring for America hours.
