

## The Public is Invited to Hear China Expert, Gordon G. Chang at MCRW's General Meeting June 9.

**Waco, TX, June 1, 2020** – Due to COVID-19 restrictions, the June meeting of the McLennan County Republican Women will be held via Zoom on Tuesday, June 9 at 11 PM. MCRW is honored to host Gordon G. Chang who will be speaking on:

### **Corona China: Disease and Decoupling**

The novel coronavirus is driving Washington and Beijing further apart. The epidemic, however, is just one of the areas where the two capitals are in disagreement. Chinese ruler Xi Jinping is driving his country in especially troubling directions as he reacts to mounting health, economic, demographic, societal, and environmental challenges. The result of the world is splitting into camps, each with its own ideologies, business chains, and technologies. We're headed to the "Great Decoupling."

**Gordon Chang** is a nationally celebrated author, speaker, and television pundit.

Mr. Chang lived and worked in China and Hong Kong for almost two decades and is the author of *The Great U.S.-China Tech War and Losing South Korea* booklets and the books *Nuclear Showdown: North Korea Takes On the World* and *The Coming Collapse of China*.

"While we regret not having our monthly luncheon meeting," stated MCRW president, Patty Castillo, "the upside is that because our meeting will be online, we have access to an international expert speaking on a most timely topic, Corona China: Disease & Decoupling. We are hoping the public will take advantage of this opportunity to join us."

Access to the June 9 meeting with speaker, Gordon G. Chang can be found on the MCRW website [WacoRepublicanWomen.com](http://WacoRepublicanWomen.com)
